SECTION 2 - INTRODUCTION

This Section is included to familiarize potential Contractors with the overall scope of the anticipated, the selection criteria, and the method of award. Refer to detailed Sections identified in the TABLE OF CONTENTS, for complete information.

2.1 Purpose of Solicitation: This is an Invitation to submit a RFQ to provide Janitorial Services at **Suncrest Rest Area on I-5 MP 22**. The initial term of this Contract shall be **ten (10) months** with extension options of up to four (4) additional years. The maximum term of this Contract shall be five (5) years.

2.2 A VOLUNTARY PRE-RFQ CONFERENCE IS SCHEDULED FOR THIS INVITATION TO RFQ. Contractors are strongly encouraged to attend the voluntary pre-RFQ conference, but RFQs will be accepted from Contractors who do not attend.

Statements Not Binding: Statements made by the TIC Representative at the pre-RFQ conference do not change the RFQ document unless TIC Office confirms such statements with a written Addendum to the RFQ documents.

2.3 METHOD OF RFQ: Contractors are required to provide pricing, in US funds, for each of the RFQ Items listed on the RFQ for the Services they propose to furnish. Failure to do so may result in RFQ rejection. Contractors must enter responses for all information requested for the RFQ Items listed in **Section 8 RFQ Proposal Form** in the proper columns/spaces provided. Failure to do so may result in RFQ rejection.

2.4 METHOD OF AWARD: Award of Contract will be made to the contractor receiving the highest point totals based on the scoring of their qualifications and experience (100 points), having appropriate business resources to meet all contractual responsibilities (50 points), and their cost quotation (50 points). TIC reserves the right to withdraw any item(s) from award if it is in the best interest of TIC. TIC reserves the right to reject any and all RFQs.

2.5 ESTIMATE OF PURCHASES: It is estimated that the quantities indicated in **Section 8 RFQ Proposal Form** will be purchased on this RFQ. These figures are intended to serve only as a guide to Contractors, and are not to be construed as a guarantee. All quantities are estimated, and are for RFQ purposes only. TIC reserves the right to adjust quantities, add or delete, as needed.

2.6 CONTRACTOR QUALIFICATIONS AND REFERENCES: A *Contractor Qualifications and Reference Form* is provided in **Section 7** of this Invitation to RFQ. Contractors shall complete this form and return it with their RFQ. Failure to provide complete accurate information may be cause for RFQ rejection.

2.6.1 Contractors shall provide customer references who can be contacted regarding the quality of workmanship and service provided to current and past customers. RFQs will be accepted only from Contractors who have sufficient qualifications and experience that are similar in nature and scope to those called for in this RFQ and meet the requirements stated in this RFQ.

2.6.2 Contractors shall submit with their RFQ, three (3) current (within the last three years) customer references in which the Contractor provides services that are similar in nature and scope to the Services called for in this RFQ. Contractor shall include the following information on each reference: Names, addresses, telephone and fax numbers, and contact persons for Contractor's top three customers (in terms of the number of units serviced) as qualified below. Only three references may be submitted for consideration.

2.6.3 Failure to provide all information requested may be cause for RFQ rejection.

2.6.4 TIC reserves the right to investigate any customer references, whether or not furnished by the Contractor, and past performance of any Contractor in respect to its successful performance of similar projects, compliance with Specifications and contractual obligations, its completion or delivery of a product or Service on schedule, and its lawful payment of suppliers, subcontractors, and employees.

2.6.5 TIC may postpone the award or execution of the Contract after the announcement of the apparent successful Contractor in order to complete its investigation. TIC may reject a RFQ if, in the opinion of TIC, overall references' responses indicate inadequate performance or that the Services rendered did not equal or exceed the level and support as referenced throughout this document.

2.6.6 TIC will select and diligently attempt to contact each of the references provided by the low Contractor. If TIC is unable to contact any of the references, the Contractor will receive zero points for each reference they are unable to reach.

2.6.7 Each reference contacted will be asked the same questions regarding products and Services, including but not limited to (1) quality of services; (2) on-time delivery of services, (3) responsiveness to reported problems, including orders and billing; (4) how well the contractor met the terms of the Contract; and (5) whether the reference would choose to purchase from the Contractor again. For the first four questions, the reference will be asked to rate Contractor's performance on a scale of 1 to 5. For questions(1) through (4), 5 points will be awarded for a response of "very satisfied"; 4 points will be awarded for a response of "satisfied"; 3 points for "adequate", 2 points for "marginal", and no points for anything less. For the last question, no points will be added; however, a negative response may result in a negative five rating.

2.6.8 Only Contractors with an average score of 16 or more from all references will be eligible for consideration; less than 16 will be determined to not be a responsible Contractor and will be rejected.

Further, information submitted by Contractor that is already in the public domain is not protected. No waiver, consent, amendment or change of terms shall bind either party unless in writing and signed by TIC and Contractor, and any Oregon Department of Justice approval has been obtained. The failure of TIC to enforce any provision of the Contract shall not constitute a waiver or relinquishment by TIC of the right to such performance in the future not of the right to enforce that or any other provision of this Contract.

4.5 INDEPENDENT STATUS OF CONTRACTOR: The parties act in their individual capacities and not as agents, employees, partners, joint ventures, or associates of one another. Provided, however, if the claim must be brought in a federal forum, then it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. CONTRACTOR, BY EXECUTION OF THIS CONTRACT, HEREBY CONSENTS TO THE IN PERSONAM JURISDICTION OF SAID COURTS.

4.9 COMPLIANCE WITH APPLICABLE LAW AND STANDARDS: Contractor shall comply with all federal, state and local laws, regulations, executive orders and ordinances applicable to the Contract. These laws, regulations and executive orders are incorporated by reference herein to the extent that they are applicable to the Contract and required by law to be so incorporated.

4.9.1 In the event of conflict between the Specifications/Statement of Work and applicable federal or state laws, the federal and state laws shall prevail. Provided, however, in the event of any conflict is based solely upon minimum standards, such as quality or safety, the higher or more stringent standard shall apply. 4.11 SEVERABILITY: If any provision of this Contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular provision held to be invalid.

4.12 INDEMNIFICATION: Contractor shall defend, save, hold harmless, and indemnify the State of Oregon and its agencies and their officers, employees and agents from and against all claims, suits, actions, losses, damages, liabilities, costs and expenses of any nature whatsoever resulting from, arising out of, or relating to the activities of Contractor or its officers, employees, subcontractors, or agents under this contract. As a condition to Contractor's indemnification obligations under this **Section 4.12**, TIC shall provide Contractor with prompt written notice of any claim, suit, action or proceeding and reasonable assistance, at Contractor's expense, in the defense thereof. Contractor shall have control of the defense and settlement of the claim, but neither Contractor nor any attorney engaged by Contractor shall defend the claim in the name of the State of Oregon or any agency of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without the prior written consent of the Oregon Attorney General. TIC has sufficient funds available and authorized within its biennial budget established pursuant to ORS 377.840. Contractor understands and agrees that TIC's payment of amounts under the Contract attributable to Services performed after the last day of the current biennium is contingent on TIC receiving program revenues and, as a result of its budget process, expenditure authority sufficient to allow TIC, in the exercise of its administrative discretion, to continue to make payments under the Contract

Such termination shall not constitute an event of default under any other provision of this Contract, but TIC shall be obligated to pay any charges incurred through the end of such fiscal period.

These provisions shall not authorize TIC to terminate this Contract in order to acquire functionally equivalent Services from a third party.

4.17 CONTRACTOR WARRANTIES:

4.17.1 AUTHORITY; BINDING OBLIGATION: Contractor represents that Contractor has the power and authority to enter into and perform the Contract and that the Contract, when executed and delivered, shall be a valid and binding obligation of Contractor enforceable in accordance with its terms.
