

# Sponsorship - Individual State Trees

This is a rare opportunity to participate in the Grove of the States from the ground up. It is the first time sponsorship recognition has been allowed within an Oregon rest area, and you are invited to be a part of the process.

As part of tree-sponsor recognition, OTE would like to tell the public what motivated you to be a part of the Grove's restoration process. If you grant us permission, we will feature your story on our agency website, and share with our partners and supporters via social media channels.

Groups or organizations may also sponsor individual trees—this allows as many as possible to participate in a highly unique national botanical feature. Sponsoring an individual state tree is open to contributors far and wide, not just those residing in Oregon. If you have a passion for trees, help sponsor a tree from your home state. Opportunities abound!

# Grove of the States Sponsorship Levels

## Platinum, Gold, and Silver

The Grove of the States Sponsorship Program enables individuals, non-profits, and businesses to contribute to the restoration of this important Oregon historical feature. Depending on the level of sponsorship (this includes both monetary and in-kind contributions), millions of travelers will note your business name on new signs. Over 2-million people stop at southbound French Prairie Rest Area annually—and this is the first time in Oregon’s history that sponsor names will be allowed within a state-managed rest area.

The major sponsorship categories are listed below. By electing to sponsor or contribute to the overall project at the levels illustrated below, you will be included in all phases of the restoration moving forward, and play an important role in the 2017 50th Anniversary celebration.
