Value Statement

Adopted August 4, 2020

1. **Context & Complexity:** Through interpreting histories connected to specific places, we will be mindful of context and committed to highlighting complexity.
2. **Accessibility:** We will produce materials that are accessible to a broad range of people who seek to learn from them.
3. **Cultural Humility & Accuracy:** While prioritizing accuracy and fact-based narratives, we will recognize that dominant culture has long silenced different viewpoints and seek to be inclusive of varied perspectives.
4. **Honesty & Transparency:** We will tell the truth about the past. This commitment includes prioritizing perspectives that are marginalized by simplistic and mythical narratives. We will be transparent with the public about our decision-making processes.
